DESIGN AN INSECT

One of our favourite books at GBHS is 'Silver' by Chris Wooding. In this book, children discover a new insect but this is no ordinary insect, it has a secret and it is dangerous.

Design an insect and then write a short story to go with your insect.

4 credits for your completed entry.

Good luck!

Hints for your design:

What colour is it?

What does it eat?

Where does it live?

What does your insect feel like to touch?

Does it have curved or sharp features?

Is your insect harmless or dangerous?

Does it like hot or cold weather?

Does it have a special skill?

DESIGN AN INSECT STORY

Now your insect is designed, put it into a short story.

Hints for your story:

It could be about ...

- the life of your insect?
- How it was discovered?
- An adventure it has?

Use as many descriptive words as possible and remember your punctuation.

When you have finished, either email a copy of your design and story to library@gbhs.co.uk OR bring into the School Library before Wednesday 8th September.

Remember to try the three other challenges
